Yaounde, Cameroon

---

Application closing date: **5<sup>th</sup> September 2022**

Job starting date date: **15<sup>th</sup> September 2022**

**Job Reference:** AI002/CRENC-IeDEA/24/08/2022

**Job Title:** Internship

**Location:** Yaoundé

**Stipend:** None

**Duration:** 06 months,

**Closing Date:** 5<sup>th</sup> September 2022

**Expected start Date:** 15<sup>th</sup> September 2022

**Liases with:** Research Director, IT Specialist, Data Manager, Research Ethics Officer

## About CRENC:

Clinical Research Education, Networking and Consultancy (CRENC) is a Cameroon based research organisation committed to clinical research excellence through the quest for novelty and collaboration ([crenc.org](http://crenc.org)). Its mission is to improve individual and community health through evidence-based interventions. CRENC implements a number of research projects including the International Epidemiology Database to Evaluate AIDS (IeDEA) study.

## Purpose of internship:

The intern will work as a team member to effectively learn and acquire skills through learning by doing. This opportunity is in line with CRENC's mission to promote health and medical research capacity building in Cameroon. The position is also an opportunity to identify and nurture talent in scientific writing, data management, biostatistics, and leadership.

## Duties and Responsibilities:

The Intern will ensure quality in the entire data control process, and this in accordance with CRENC's Data Quality Protocol and Research Ethics Protocol. Specifically, the Intern will carry out the following task on day-to-day basis:

- Assist in Ethics review and submission of protocols
- Assist in Data verification and analysis
- Prepare and make presentations during research training meetings.
- Submit and present a weekly report of activities done.
- Participate in coordination meetings and attend IeDEA meetings whenever the need arises.
- Assist in scientific writing.
- Perform other duties related to data quality assurance and control as required by CRENC under the supervision of the Data Manager and the Director of Research.

## Competencies:

**Education:**

- Masters in Public health, Epidemiology, Biostatistics, Project Management, Ethics or any other fields related to Public Health.

**Work Experience:**

- Not needed

**Languages:**

English and French are the working languages of CRENC. For the post advertised, fluency in oral and written English is required. Proficiency in the French language is an advantage.

**Assessment:**

Selection of qualified candidates will include an initial review of the CVs of applicants, followed by competency-based interview of pre-selected candidates.

**CRENC Considerations:**

CRENC shall place no restrictions on the eligibility of men and women to participate in any capacity and under conditions of equality in its head office and projects sites. CRENC is a non-smoking environment.

**No Fee:**

CRENC DOES NOT CHARGE A FEE AT ANY STAGE OF THE RECRUITMENT PROCESS (APPLICATION, INTERVIEW MEETING, PROCESSING, TRAINING OR ANY OTHER FEES). CRENC DOES NOT CONCERN ITSELF WITH INFORMATION ON BANK ACCOUNTS.

**How to Apply:**

CV's should not be more than 3 pages. Submit your updated CV and letter of motivation to [jobs@crenc.org](mailto:jobs@crenc.org) latest **5<sup>th</sup> September 2022**. The position you are applying for should be indicated in subject line of the email with the job reference number.

**NB:** Due to the urgency of this position, applications will be short listed on rolling basis and the post may be filled before the closing date.

Only shortlisted candidates will be contacted.
